DOMINO SPC

THE MOST DURABLE VINYL FLOOR

A new perspective will be opened in the area of vinyl floorcoverings, Graboplast's new SPC floor is the best choice for your home!

The big advantage of Grabo Domino SPC flooring is its rigid core, which due to its composition (Stone Polymer Composite) is much more durable and stable than traditional click floorings. Provides perfect visual experience in appearance and due to its water resistance **it can be used in any room** of your home. Made from environmentally friendly ingredients, **the installation of Grabo Domino SPC is extremely simple** thanks to the back foaming and click form.

VERY SIMPLE RENOVATION

Renovation has never been easier, almost anyone can lay Grabo Domino SPC click flooring and thanks to the foam backing of the product does not require a perfect subfloor. It can also be installed on old coverings.

IDEAL FOR KIDS AND PETS

Don't worry about damages, your floor will resist even the effects caused by children and pets.

100% WATERPROOF

No problem with water spills or frequent mopping, can be used in any room of the apartment without any trouble.

EXCELLENT DIMENSIONAL STABILITY

Resistant to cold and heat, humidity changes are not a problem either.

ENVIRONMENTALLY FRIENDLY

The product is made from renewable raw materials and 100% recyclable, therefore, using it results in a lower carbon footprint.

LOW RESIDUAL INDENTATION

Even after a long time, no impact of heavy furnitures can be seen.

COMFORT

Reduces the noise of the steps to provide optimum internal sound insulation.

EASY CLEANING

The floor is easy to clean, resistant to stains and chemicals as well.
